

CARLA BARON: PSYCHIC PROFILER

By Paul Green, The Psychic Biker

Carla Baron, psychic profiler, TV psychic medium, renowned psychic who has gained a reputation for astonishing accuracy from her clients, currently working on a new TV project ... I could go on and on, but it would be easier and quicker to list some of her work.

Carla's projects include: *Haunting Evidence*, *Mystery Quest*, *Psychic Hollywood: The Search for Truth*, *Dead Famous*, *Psychic Detectives*, and let's not forget where it all began for Ghost Hunters everywhere ... MTV's *Fear*. Carla was the official psychic/medium for the reality hit paranormal series that paved the way for paranormal reality TV.

Carla's projects show a depth of work to be proud of, and even though she is currently hugely busy in development for a new TV reality series, she took the time to sit down in the offices of the production company to answer my questions.

Join me for a Para-Chat with Carla Baron.

Q. What is your earliest memory?

Carla: One of my earliest memories was when I discovered my parents had a surprise 4th birthday party all set up in a closed room downstairs in our home at the time. (I wasn't allowed in that room.)

To this day they have NO IDEA that I uncovered their little secret! (Obviously, this was a first foray into the world of becoming the psychic profiler I am today.)

Q. Describe your perfect day?

Carla: Peering into someone's life story, making a life-altering impact. Then, surrounding myself with love, good food, a soul-balancing, lights-dancing, twilight near the ocean. After, inspiring sweet dreams that last a lifetime.

Q. Who from history would you like to share a dinner party with?

Carla: Let's see ... that would be some dinner party! I would have to say Michel de Nostredame (Nostradamus), Eugène François Vidocq, Jeane Dixon, Edgar Cayce, Jack the Ripper, Salem witches, Zodiac Killer, Lizzie Borden, Irene Hughes, Ian Stevenson, William Peter Blatty, Madam Helena Blavatsky, Charles Manson ... the list goes on.

(I think my whole immersion into Penny Dreadful has made an impact.)

Q. If you could be invisible for a day, what would you do?

Carla: I would travel through time, witnessing every event I could to understand where we were and where we are now.

Q. What's your greatest pet peeve?

Carla: My greatest pet peeve would have to be when someone says they are going to do something and they (for whatever reason) don't follow through.

Carla was the official psychic/medium for the reality hit paranormal series MTV's Fear, which set the industry standard for paranormal reality TV.

Q. What's your favorite book?

Carla: There are a number of books that provided that definitive "turning point" in my spiritual development this lifetime. So, it's virtually impossible to choose just one.

- *Messages From Michael* series (by Chelsea Quinn Yarbro)

- *Celestine Prophecy* series (by James Redfield)
- *Journey of Souls & Destiny of Souls* (by Michael Newton, Ph.D.)

Q. What can't you resist?

Carla: A beautiful, smart, confident guy; a new recipe I'm inspired to create; all things paranormal, ghost, psychic, unknown, mysterious.

Q. What are your current or upcoming projects?

Carla: I am currently signed with a reality TV production entity back east for a development deal. They just finished up pitches at Realscreen West 2014 here in Santa Monica and are hitting up all cable networks within reach for this project prior to/following this venue.

The feedback has been extremely positive on me and the crime-psychic-paranormal series. Where the networks have expressed interest in me as a psychic medium without the crime aspect, we are tweaking show ideas to fit their programming needs. I am a firm believer in "If it is meant to be."
